Professional Summary

Enthusiastic and detail-oriented Software Engineer with a strong focus on backend development using Python and Django. With a solid foundation in full-stack development, I also build responsive, secure, and scalable web applications leveraging frontend technologies like Next.js, React.js, and Bootstrap.

Passionate about software security, reinforced by certifications in cybersecurity and cloud security, I bridge the gap between clean code and secure infrastructure.

Core Skills

- Backend: Python, Django, Django REST Framework, PostgreSQL, MySQL
- **Frontend:** Next.js, React.js, Bootstrap, HTML5, CSS3, JavaScript (ES6)
- **Tools & Platforms:** Git, GitHub, Linux, Docker (basic), Postman, VS Code
- **Security Knowledge:** OWASP Top 10, Authentication & Authorization, Secure Coding Practices
- **Others:** REST API Design, MVC Architecture, Agile/Scrum, JWT, API Security

Education

NIIT – Professional Diploma in Software Engineering

2023 – 2025

Certification

- **Google Cybersecurity Professional Certificate**
 - Fundamentals of security, network defense, SIEM, threat modeling
- **Certified in Cybersecurity (CC) – ISC²**
 - Proven foundational knowledge in information security and risk management

Projects

1. School Management System (Backend with Django + DRF, Frontend with React Js)

a. Features:

- i. Student, staff, parent Registration
- ii. Payment of school fees & other bills
- iii. E- Result
- iv. School activity Management
- v. E-commerce Integration
- vi. Scratch card generations
- vii. Student, and Staffs Dashboard

b. Language:

- i. Python (Django RestFramework)
- ii. React (Next Js Framework)
- iii. CSS (Bootstrap Framework)

2. Investment Platform (Backend with Django + DRF, Frontend with React Js)

a. Features:

- i. User Registration
- ii. Admin Panel
- iii. Deposit and withdrawal
- iv. KYC verification
- v. Blocking IP
- vi. User account Disabling
- vii. Investment Growth functionality

b. Language:

- i. Python (Django RestFramework)
- ii. React (React Js Framework)
- iii. CSS (Bootstrap Framework)

3. Hospital Informative Site (Frontend with React Js)

a. Features:

- i. Contact Us
- ii. Booking appointment

b. Languages:

- i. React (React Js Framework)
- ii. CSS (Bootstrap Framework)

4. Real Estate Informative Site (Frontend with React Js)

Work Style & Values

- Emphasis on clean, modular, and secure code
- Comfortable working in remote teams using GitHub and collaborating on large projects
- Strong communication and documentation habits
- Passion for learning, mentorship, and continuous improvement

Languages

- English (Fluent)

Interests

- Open-source contribution
- Tech community building
- Security research and secure coding workshops
